SVGS EXAM SCHEDULE May 2017

March 6, 2017

***MODIFIED EXAM SCHEDULE FOR AP STEM CLASSES the WEEK OF 4/18/17**

To provide students the opportunity to receive valuable feedback on their performance prior to AP Exams, all STEM AP classes will give *their SVGS final class exam* the week of April 20.

Classes having exams the week of April 18-21: AP Calculus, AP Environmental Science, AP Statistics AP Chemistry, AP Computer Science and AP Chemistry.

1. Attendance during exam week is critical! If there is an unexpected emergency or significant illness on an exam day, parents are expected to call and provide written documentation for the absence. Exams missed due to illness cannot be made up without a doctor's note. Only absences due to emergencies or exceptional circumstances will be excused during exams. SVGS exams take precedent over other school activities.
2. Students will remain in their exam room during the entire morning. Students may not leave an exam block early. Do not plan appointments during the exam block "after you finish your exam". Students need to be focused on one thing that morning – showing what they have learned through their performance on their exams.
3. If you have 4 classes or mixed programs (AH/STEM), please review the exam schedule and talk with your teacher regarding your schedule.
