

Heifetz Shenandoah String Camp – instructions for the audition tape

Please upload [two separate unlisted videos](#) to YouTube,

clearly labeled, fulfilling the following requirements:

- ✓ A short piece (less than five minutes) demonstrating lyrical phrasing and beauty.
- ✓ A short piece (less than five minutes) demonstrating technical accomplishment.

Piano accompaniment is not necessary for either of these videos, but many applicants find it helpful.

Audition videos must clearly display the hands and face of the applicant at all times during the performance and be taken from one single-camera perspective. Use of smartphones and other video devices to record your audition video is acceptable, but no video or audio edits of the performance are permitted, and edited performances will not be accepted.

Each audition submission must be uploaded separately and clearly labeled with the name of the applicant performer and of the piece.

Please include the web links to the unlisted videos on your application.

If you're unsure about whether your audition pieces fit these criteria or need help with uploading your videos...just ask us!
