ARTS & SCIENCES

## 2018-19 Profile

### Mission and Focus

SVGS provides a supportive and challenging environment for local gifted and talented students to nurture and develop their talents, expand their knowledge, improve critical thinking skills, and foster their sense of personal and social responsibility.

*SVGS has identified nine skills as critical to life-long learning and performance in any academic discipline and profession.*

*These skills are cultivated through exceptional learning experiences at SVGS and are listed below:*

1. Intellectual Curiosity
2. Intellectual Independence
3. Persistence and Perseverance
4. Critical Analysis and Reflection
5. Problem Solving
6. Leadership and Collaboration
7. Communication
8. Digital Literacy
9. Social and Ethical Responsibility

### Overview

Shenandoah Valley Governor's School (SVGS) is an Academic Year Governor's School sponsored by the Virginia Department of Education. SVGS has programs and courses designed to meet the needs of gifted and highly motivated students.

SVGS provides a unique environment in which individuals explore the interconnections between technology and (1) mathematics and sciences or (2) the arts and humanities.

Students may attend in one of several broad curriculum areas:

- ♦ Sciences (*Science, Technology, Engineering, and Mathematics*)
- ♦ Arts & Humanities (*Fine Arts, Humanities, or Performing Arts*)

SVGS opened its doors in the fall of 1993 to 95 students in a specialized STEM program.

In 2002, SVGS expanded its mission to include visual arts, theatre arts and humanities courses.

### Community of Learners

#### Community

- ♦ SVGS serves Augusta County, which is geographically the second largest county in Virginia, and the two independent cities of Staunton and Waynesboro.
- ♦ The region is primarily rural with agriculture as its economic base. Estimated median household income in the region for 2012-2016 was \$56,802 with 23.3% of area residents having completed a Bachelor's degree or higher (U.S. Census, 2017).

#### Students

- ♦ SVGS students are selected through a competitive admissions process based on multiple criteria such as academic performance, talent, interests, and teacher recommendations.
- ♦ Admissions is offered to approximately 65% of all applicants.
- ♦ Juniors and seniors from seven public high schools in Augusta County, Staunton, and Waynesboro attend this shared day, selective regional school. Student attend SVGS in the morning and their base schools in the afternoon.
- ♦ For 2018-2019, 176 students are enrolled in the STEM program and 52 students are enrolled in the Arts and Humanities program which represents about 7% of the area's total high school junior and senior enrollment.

#### Staff

- ♦ 93% of SVGS instructors have a Master's degree or higher.

### SVGS Class of 2018 Graduate Profile

95% of the SVGS Class of 2018 matriculated to a 4 year college.

The SVGS Class of 2016 matriculated to these colleges and universities:

University of Virginia	16%
Out of State	16%
Virginia Tech	13%
James Madison University	10%
Virginia Commonwealth University	8%
Blue Ridge Community College	7%
George Mason University	5%
Virginia Military Institute	4%
William and Mary	4%
Other In-State	22%

Students in the SVGS Class of 2018 reported their intention to major in these areas of study:

Arts & Humanities	8%
Business	7%
Health & Medicine	32%
Social Science	10%
STEM	27%
Undecided	8%
Other	8%

# 2018-19 Profile

## Rigorous, Enriching Courses

### Arts and Humanities\*

Humanities I, II (DE)  
Psychology (DE)  
Western Culture (DE)  
Studio Art I, II  
Studio Art 2D, 3D, Drawing (AP)  
Art History I, II (DE)  
Acting I, II  
Intro to Theater (DE)  
Drama, Theory & Critique  
Crafts & Skills I, II

### STEM\*\*

Intro to Scientific Research  
Chemistry (AP)  
Environmental Chemistry (DE)  
Environmental Science (AP)  
Molecular Biology (DE)  
Physics (DE)  
Advanced Calculus-Multivariable  
Calculus BC (AP)  
Calculus (DE)  
Pre-Calculus

Statistics (DE)  
Advanced Technology  
Computer Science (AP)  
Computer Networking & Security  
Engineering I  
Engineering II  
Geospatial Information Systems (DE)  
Intro to Computer Science

\*Arts and Humanities students typically take 4 classes in each of the following areas: *humanities, studio/performance, history/appreciation, and crafts and skills with guest artists*. Humanities I and II meet English credits requirements for graduation.

\*\*STEM student typically take 3 classes in each of the following areas: *mathematics, science and technology*. First year students must take either Scientific Research or Engineering. Second year students may take 4 classes or multiple classes in the same area (i.e. 2 science classes) pending their interest and needs.

- ♦ All SVGS classes are year long classes and are taught at an advanced/college level.
- ♦ SVGS classes are designated as "GS" on the student's official transcript and are weighted one quality point in the student's GPA at their base school.

## Practical, Professional Experiences

Academic Competitions  
Art Exhibits  
Electric Vehicle Team  
Field Experiences  
Guest Artists and Professional Workshops  
FIRST Robotics Team  
International Experiences  
Literary Magazine  
Outreach  
Performances  
Senior Capstone Projects

- ♦ *Independent Research*
- ♦ *Mentorship*
- ♦ *Service Learning*

### ARTS & HUMANITIES

The Arts and Humanities program utilizes an extensive "**community campus**" to offer students experiences in professional spaces with professional artists and artisans. Arts and Humanities students participate in multiple performances and exhibits throughout the year.

### SCIENCES

All first year Sciences students must complete an **independent research or engineering design project**. Students may choose a project in any area of science, math or engineering. Research and engineering teachers facilitate these projects and students are mentored by the school's STEM staff. If additional expertise is needed, community mentors are used to support the student's specific research or engineering interest.

### SVGS SENIOR CAPSTONE

Each SVGS program graduate must also complete an independent **capstone project**.

The senior capstone project is a long-term project embedded in a specific aspect of the curriculum whose intent is to encourage students to reach beyond their academic work, extending and enhancing the traditional school experience outside of the classroom.

The purpose of the project is to allow students to further engage in areas related to student's career interests, and to apply academic and professional skills through authentic learning experiences. Student projects may be focused on service learning, mentorship or independent research.
